

Cadence Club Rules & Policies

1. Goal of Cadence Club

Cadence Club enables members to play public golf at a consistent pace of 3.5 hours or less per round. By pre-booking exclusive tee blocks and providing onsite staff to monitor pace and facilitate play-throughs, we ensure a fast and enjoyable experience for all.

2. How It Works

Members join Cadence Club by paying an annual membership fee, which grants access to our events. We aim to host 10-12 events per year, adjusted based on demand and course availability. Each event fee includes green fee and cart—see the event details section of that specific event on our website for more information.

3. Cancellation Policy

To receive a full refund, cancellations must be made at least **7 days** before the scheduled tee time. You may transfer your spot to another member not already registered for the event.

4. Pace-of-Play Policy

Cadence Club guarantees a fast-play experience. If a group falls to 3h45m or slower, the following steps occur:

1. **Verbal Warning:** The group receives a verbal warning.
2. **Monitoring:** Staff monitors individuals slowing the group; if not corrected within two holes, step 3 applies.
3. **Second Warning:** Individuals receive an additional warning if pace issues persist after two more holes.
4. **Fine:** Continued non-compliance results in a \$50 fine per responsible individual.
